

RELAXED FIT GUIDE

YourCo. is about "Right Sizing" the right fit for the right audience.

Understanding how YourCo. can customize your **relaxed fit** is as important as choosing the fabric and color. In many cases, we recommend Add-On #26 - Butter Wash. Butter Washing your shirt will "break in" the fabric and the print to insure the softest hand. However, it also removes the final shrink which manipulates the original measurements of the **relaxed fit** of the garment.

Our Relaxed Fit G504 Explained

Our model is 6 feet tall, 175lbs and had a 38" chest. His preferred shirt size is a medium.

These images illustrate how the Butter Wash process affects the fit of the shirt.

G504

Our model is wearing our 5.2oz 100% Carded Cotton G504_Charcoal Relaxed Fit S/S Crew Neck T-Shirt.
